Reduced Head Framing Screw

METAL SDS 5/16AF FLANGED HEX CLASS 3 AS3566

| Part | QFind | Size | TPI | Length (mm) | Pack Qty |
|----------------|-------|------|-----|----------------|-------------|
| T9PM3RH1414022 | Q218 | 14 | 14 | 22 | 1000 |

- » Self-Drilling Framing Screw 5/16AF
- » Reduced Head (RH) - Using the same size head as a 12 gauge, alleviating the need to change nutsetters
- » Fixing metal to metal from 1.5 to 5mm
- » 14 TPI - Designed in conjunction with the shed industry to give the best all-round performance for drilling, clamping and pull-out.
- » Used in the construction of sheds and steel frame buildings
