

DID YOU KNOW?

about our... **XBolt® PRO STUD RANGE**

The Professional Range for concrete anchoring

High performance XBolt® PRO-Stud concrete screw anchor for professionals with zinc plated coating. As it is screwed into the concrete it creates its own undercut by tapping the concrete hole. The cutting and locking mechanism enable the anchor to be used in close spacing and edge distance applications.

Features

- » Removable. Ideal for temporary application
- » Suitable for close anchor spacing and edge distance applications
- » ETA Option 1. Approved for cracked and non-cracked concrete
- » Male external thread for mounting of fixture or coupling
- » Fire and seismic rated as shown below, refer for the ETA for full details
- » Quick and easy install
- » Conforming to AS 5216:2018

Applications

- » Hand rail fastening
- » Base plate fastening
- » Formwork and bracing
- » Channel and bracket fastening
- » Hanging of cable tray and mechanical services.
