

# PRODUCT DATA

## Spaghetti Roll Continuous Plugs

The Spaghetti roll plugs are suitable for light duty anchoring in concrete, solid brick, solid block and stone.

Simply pre-drill the base material, push the spaghetti in and cut-off at the required length. Complete the installation with a screw or nail through the fixture and into the spaghetti-plug.

## CONSTRUCT

For use with minimum 3.5mm nails or 6 or 8 gauge screws

The roll enables you to cut the plugs at the desired length to suit the fixing application.

### Installation

1. Drill a 5.0-5.5mm diameter hole. Drill hole to required depth so that screw or nail can be driven home.

2. Clean hole thoroughly of dust and debris.

3. Insert spaghetti wire to full depth of hole and cut off.

4. With fixture firmly held in place fasten with a 6 or 8 gauge screw or minimum 3.5mm nail.
