

PRODUCT DATA

316 Barrel Nut CSK Phillips

The barrel nut is one half of the fixing in timber and furniture connections. When used with a countersunk metal thread screw the same head is seen from both sides of the connection.

Applications	Trades
<ul style="list-style-type: none"> Fastening Timber Furniture Replacement of nut in TygaBolt® anchors to provide countersunk finish 	<ul style="list-style-type: none"> Carpenters Joinery

Material	316 Stainless
-----------------	---------------

Finish	316 Stainless
