

## MPC Pro Cut Cutting Disc, 1.0 - 1.9

 HOBSON Part prefix:  
MUDMPCP

### Features

- Cutting
- Profi cutting discs for fast and comfortable operations
- Discs fulfill highest requirements of work safety
- High performance and long life
- Burr free cutting reduces post-cut operation
- Latest developments of grain and bonding technology
- Free of iron, sulphur and chlorine (prevents contamination of stainless steel material)

### Applications

for cutting sheets, small diameter profiles and bars, optimised for cutting steel and stainless steel

### MPC Pro Cut Cutting Disc, 1.0 - 1.9

Part	Ø mm d	Thickness mm H	Inside Ø mm d <sub>i</sub>	Box content
MUDMPCP12311510	115	1.0	22.23	25
MUDMPCP12312510	125	1.0	22.23	25
MUDMPCP12313019	230	1.9	22.23	25

## MPC Pro Cut Cutting Disc, 2.5 - 3.0

 HOBSON Part prefix:  
MUDMPCP2

### Features

- Cutting
- Profi cutting discs for fast and comfortable operations
- Discs fulfill highest requirements of work safety
- High performance and long life
- Burr free cutting reduces post-cut operation
- Latest developments of grain and bonding technology
- Free of iron, sulphur and chlorine (prevents contamination of stainless steel material)

### Applications

for cutting profiles, solid materials, thicker sheets

### MPC Pro Cut Cutting Disc, 2.5 - 3.0

Part	Ø mm d	Thickness mm H	Inside Ø mm d <sub>i</sub>	Box content
MUDMPCP22311525	115	2.5	22.23	25
MUDMPCP22312525	125	2.5	22.23	25
MUDMPCP22313030	230	3.0	22.23	25
